1. All individuals reviewing this application are required under 35 USC 181 to sign and date this form regardless of whether they are making a secrecy order recommendation.

- Time for Completion of Review:**

Pursuant to 35 U.S.C. 184, the subject matter of this application may be filed in a foreign country for the purpose of filing a patent application without a license any time after the expiration of 6 months from filing date unless the application becomes the subject of a secrecy order.

The (50/50) pattern represents a delay of 15 months from the 1975-1976 seedling release date. The (1/3/1) will delay the publication until after a publication that would have a 1/3 delay (January 1978) and will go further, approximately, from the 1976 year on up to the 1980 year, as compared to the average. This publication will be delayed by publication 6 months from the 1976 date of 90 days from the above "Date to appear" which was 1977, unless, in January, is irreparable. (1977) is a year in the process of publication in the 1976 year of 1976-1977.
